

# Eliminate Messy Cob Webs

**EcoSafe**®   
*Products*

## Discourage Cob Web Reformation And Make Clean-Up Easy.

- ✔ Cleans cob webs, residue and stains
- ✔ Discourages cob web reformation
- ✔ Easy application, just spray, clean and re-apply
- ✔ Readily biodegradable, ph balanced, non-corrosive
- ✔ Naturally derived formula, fresh mint scent

*EcoSafe® Cob Web Clean-Up™* is a naturally based cleaner that helps discourage cob web re-formation. It's readily biodegradable, ph balanced, and makes cleaning cob web residue and hard to remove stains from surfaces and windows a breeze. The natural ingredients then help to discourage cob web re-formation. EcoSafe® Cob Web Clean-Up™ does not contain any alcohol, bleach, ammonia, phosphates or harsh chemicals.

Works Great For:

- ▶ homes, offices, schools, buildings
- ▶ cars, trucks, planes, boats, ships
- ▶ docks, marina's, slips & more!

*EcoSafe® for People, Pets and The Environment.*

- Homes
- Buildings
- Boats

Discourages Cob Web  
Re-formation

## EcoSafe® Cob Web Clean-Up

**EcoSafe® Cob Web Clean-Up™** is a naturally based cleaner that helps discourage cob web re-formation. It's readily biodegradable, pH balanced, and makes cleaning cob web residue and hard to remove stains from surfaces a breeze. The natural ingredients then help to discourage cob web re-formation. EcoSafe® Cob Web Clean-Up does not contain alcohol, bleach, ammonia, phosphates or harsh chemicals.

**EcoSafe® Cob Web Clean-Up™** makes removal of cob webs and spider spittle (feces) easy. It then helps discourage cob web re-formation.

**EcoSafe® Cob Web Clean-Up™** is available in a convenient 32oz bottle with trigger sprayer for small applications, and in 1 gallon containers for larger commercial and building applications.

**Ingredients:** Mint Oil, deionized water, potassium sorbate, amorphous silica, sodium lauryl sulphate, vinegar, citric acid, citrus, licorice and clove extracts.

### Directions for use -

**DO NOT DILUTE.  
SHAKE CONTAINER WELL BEFORE USE.**

Apply using a garden type sprayer. Do not use in a hose end sprayer. Spray liberally to wet cob webs and then remove with a stiff bristle brush. Rub stains with towel to remove. Re-apply and let dry. After rinsing or power washing - re-apply and let dry. Cob Web Clean-Up™ may be applied indoors and outdoors and will not harm most surfaces. Visible residue can be removed by simply wiping with soft towel. Do not use on leather or any surface that can be stained by water.

Re-apply as needed.

The ingredients in EcoFresh® Cob Web Clean-Up are made from naturally derived plant and leaf extracts and eco-friendly materials.

### For Use Around:

- Homes ● Buildings ● Boats
- Ships ● Jet Skis ● Boathouses
- Marinas ● Camping Equipment
- And More!

**Keep Out Of Reach Of Small Children.  
Do not mix with other cleaners or pesticides.  
In case of eye contact, flush with water.**
